JAMES KELLY

DAYTON, OHIO

We Are Moving

APPROXIMATELY NOVEMBER 15 — DECEMBER 1st

(Exact Date and Location To Be Announced Later)

So that we may devote our entire time and efforts to professional numismatics, we are closing our downtown retail store and moving to a location more suitable to the handling of the most important phase of our coin business — Selling By Mail.

This move is being made primarily so that we can expand and devote more time to cataloguing, conducting auction sales, and selling by direct advertising. This does not mean that local and/or visiting friends and customers will not be welcome at our new location. We will be glad to see anyone who is interested in doing business.

To avoid confusion, the date and location will be announced later. All transactions connected with this, the Louisiana State Numismatic Convention Auction Sale, will be conducted at and through our present location.

During the past several years, a great part of our time was dedicated to the jewelry business. The department is now being discontinued and practically all merchandise is being liquidated.

We will maintain our entire present staff as we are actually expanding our coin business.

This is one of the rarest and most difficult of the late date Double Eagles to obtain; missing even in most of the larger present day collections. - 111. 1928 Uncirculated, mint lustre, \$60.00

THE RARE 1929 DOUBLE EAGLE

- 112. 1929 Uncirculated with full mint lustre.
A beautiful rare coin, the rarity of which is just beginning to be appreciated. Recent auction records -- two that we recall -- were both over \$1,250.00.

THE RARE 1930 S MINT

- 113. 1930 S Mint, Uncirculated. Unusually free of abrasions caused in minting and bag handling. This is still one of the rarest and most difficult dates to obtain. Recent records -- both from auction and private sales -- have been from \$1,650.00 to \$1,850.00.

FLOOR AND MAIL BIDDING

\$50.00 SLUGS

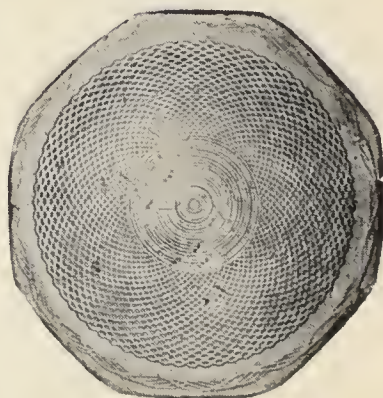

613. 1851 August Humbert \$50.00 Gold, 880 Thous. Lettered edge indicating date and giving name of assayer. Rev: "50" in center of target design. The general appearance would indicate a grading on the obverse of Extremely Fine but close examination shows indication of slight re-tooling in order to improve condition of coin. Certainly a rare and desirable specimen which we would conservatively grade Fine to Very Fine. Consignor valued this coin at \$3,500.00, catalogue and recent sales indicate this valuation may be slightly optimistic. Our own appraisal would be \$2,500.00

\$50.00 SLUGS

614. 1852 August Humbert \$50.00 Gold, 887 Thous. Date and name of assayer appears on rim outside of center circle. Rev: Target design inside ornamental circle. Milled edge. An exceptionally choice specimen though not in Uncirculated condition such as represented when purchased by consignor. This rare coin is - in our opinion - Choice Extremely Fine and should bring close to \$3,000.00

615. 1852 United States Assay Office \$50.00 Gold, 900 Thous. Name of assayer and location outside of circle on obverse. This specimen has bold date which is unusual. Has the appearance of an Extremely Fine specimen but close examination discloses slight tooling which in our opinion reduces the grade to Choice Very Fine. A very desirable specimen , should bring well over \$2,500.00

If You Have Coins For Sale --

WE ARE INTERESTED

Our large volume of business makes it necessary to be continually on the search for choice material.

Frankly, there is little in the way of desirable United States coins or currency that we would not be interested in buying.

During the past twenty-five years we have purchased many of the country's outstanding collections and in most cases, it was necessary to compete and pay a better price than our competition.

IF YOU ARE SELLING

. WE ARE BUYING!

LET'S TALK IT OVER
